VIRTUAL AND INSTRUCTOR-LED Classes

Interact with other professionals and gain insight from our Certified Instructors, as you learn how to install and configure Cambium Network 60 GHz cnWave solutions. All classes involve industry concepts, scenario based applications, hands-on labs and a final certification exam. Sessions are offered through our Certified Training Partners. You can view available class sessions offered around the world at: <https://learning.cambiumnetworks.com> > Live, Classroom or Virtual Instruction

VIRTUAL WEBINARS

Discover ideas, tips and techniques, and insights that will help you improve your cnWave skills, develop new expertise, and stay on the cutting edge of knowledge to maximize your Cambium Networks solution investment by participating in our live Webinars.

CERTIFICATION

Validate your knowledge and become a Cambium Certified 60 GHz cnWave Administrator.

We offer a 60 GHz cnWave certification exam providing an opportunity through an online testing experience for you to validate your knowledge and become Cambium 60 GHz cnWave certified.

Certifications must stay current with updated courses and training.
